| **Project Name** | ServiceNow Administrator Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer |
| **Maximum Marks** | 4 Marks |

## Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

### SAYS

- I need a standard laptop for my work.
- I want the request process to be simple.
- I want to know the status of my request.

### THINKS

- How long will it take to receive my laptop?
- I hope my request is approved quickly.
- I do not want to follow up repeatedly with IT.

### PERSONA

**IT Employee**
Laptop Requester
(User Type)

### DOES

- Submits a laptop request through ServiceNow.
- Checks the request status.
- Communicates with IT or procurement when needed.

### FEELS

- Frustrated by manual processes.
- Worried about delays in receiving the laptop.
- Satisfied when the process is quick and transparent.
